 Yuanyuan517

Appointment

HEC Montréal and GERAD, Postdoctoral Researcher Montréal, Canada
 Advised by Jean-François Cordeau, Yossiri Adulyasak, and Emma Frejinger. Sept 2025 – present

Education

PhD ESSEC Business School, Operations Research and Operations Management France
 • Advised by Claudia Archetti, Ivana Ljubić, and Felix Papier. Aug 2020 – July 2025
MSc Polytechnic University of Turin, Software Engineering Italy
2017
BEng Polytechnic University of Turin, Computer Engineering Italy
2015

Publications and Preprints

Sprint or Walk? Managing Start-up Growth Before Facility Investments

Yuanyuan Li, Riccardo Mogre, Felix Papier

papers.ssrn.com/sol3/papers.cfm?abstract_id=6761740 (Working paper)

Element Selection and Routing for Experiential Service Design: Experience Formation and Stochastic Optimization

Qiuwei Guo, Yuanyuan Li, Yifu Li, Lindong Liu

papers.ssrn.com/sol3/papers.cfm?abstract_id=7223798 (Working paper)

Emerging Optimization Problems for Distribution in Same-day Delivery

2025

Yuanyuan Li, Claudia Archetti, Ivana Ljubić

[10.1016/j.cor.2025.107105](https://doi.org/10.1016/j.cor.2025.107105) (Computers & Operations Research, 182, 107105)

Reinforcement Learning Approaches for the Orienteering Problem with Stochastic and Dynamic Release Dates

2024

Yuanyuan Li, Claudia Archetti, Ivana Ljubić

[10.1287/trsc.2022.0366](https://doi.org/10.1287/trsc.2022.0366) (Transportation Science, 58(5), 1143–1165)

Professional Experience

LINKS Foundation, Researcher

Italy

Developed optimization and scheduling methods for manufacturing and contributed to project management for the EU Horizon 2020 LEXIS project.

Mar 2018 – Aug 2020

- Industry 4.0, mathematical modeling, metaheuristics, scheduling, and programming.

Fraunhofer Institute for Transportation and Infrastructure Systems IVI, Research Intern

Germany

Conducted risk analysis and predictive modeling for the EU Horizon 2020 SYNCHRO-NET project.

Apr 2017 – Oct 2017

ESSEC Business School, Instructor — Mathematics I for Economics and Finance

France

Undergraduate core course; taught two sections of 70 students each.

2024

ESSEC Business School , Instructor — Excel Skills (Spreadsheet Modeling) Undergraduate elective course; taught two sections with 47 and 51 students.	Singapore 2023
ESSEC Business School , Instructor — Business Simulation Game Led an online business simulation for 34 undergraduate students focused on global business operations.	Singapore 2023
ESSEC Business School , Teaching Assistant — Decision Analytics Led laboratory sessions and assessed student reports for a Master in Management elective course.	France 2022
Polytechnic University of Turin , Teaching Assistant — Database Management Systems Led laboratory sessions on data analysis using commercial and open-source software.	Italy 2016

Selected Talks

- **Sprint or Walk? Managing Start-up Growth Before Facility Investments** — USTC (2025); INFORMS Annual Meeting (2024); POMS Annual Conference (2024); IESEG–ESSEC–University of Cologne Operations Research Camp (2024); ESSEC Student Research Seminar (2023).
- **Reinforcement Learning Approaches for the Orienteering Problem with Stochastic and Dynamic Release Dates** — POM China (2023); EURO (2022); ESSEC Student Research Seminar (2022).
- **Machine Learning Applications in Optimization: Job-Shop Scheduling in Industry 4.0** — ODS (2019); MIM (2019).

Reviewing Activities

Ad Hoc Reviewer: *Transportation Science Production and Operations Management European Journal of Operational Research Transportation Research Part C: Emerging Technologies Transportation Research Part E: Logistics and Transportation Review and Networks.*

Language Proficiency

Chinese: Native

English: Fluent

Italian: Basic

French: Basic
