 Yuanyuan517

Experience

HEC Montréal and GERAD , Postdoctoral Researcher Advised by Jean-François Cordeau, Yossiri Adulyasak, and Emma Frejinger.	Montréal, Canada Sept 2025 – present 1 year 1 month
LINKS Foundation , Researcher Developed optimization and scheduling methods for manufacturing and contributed to project management for the EU Horizon 2020 LEXIS project. Industry 4.0, mathematical modeling, metaheuristics, scheduling, and programming.	Italy Mar 2018 – Aug 2020 2 years 6 months
Fraunhofer Institute for Transportation and Infrastructure Systems IVI , Research Intern Conducted risk analysis and predictive modeling for the EU Horizon 2020 SYNCHRO-NET project.	Germany Apr 2017 – Oct 2017 7 months
Polytechnic University of Turin , Lab Assistant Supported database management systems laboratory sessions.	Italy Sept 2016 – Jan 2017 5 months

Education

PhD ESSEC Business School , Operations Research and Management Advised by Claudia Archetti, Ivana Ljubić, and Felix Papier.	France Aug 2020 – July 2025
PhD Nanyang Technological University, Nanyang Business School , Operations Management (visiting student)	Singapore Feb 2024 – Aug 2024
MSc Polytechnic University of Turin , Software Engineering	Italy 2017
BEng Polytechnic University of Turin , Computer Engineering	Italy 2015

Publications

Emerging Optimization Problems for Distribution in Same-day Delivery Yuanyuan Li, Claudia Archetti, Ivana Ljubić 10.1016/j.cor.2025.107105 (Computers & Operations Research, 182, 107105)	2025
Reinforcement Learning Approaches for the Orienteering Problem with Stochastic and Dynamic Release Dates Yuanyuan Li, Claudia Archetti, Ivana Ljubić 10.1287/trsc.2022.0366 (Transportation Science, 58(5), 1143–1165)	2024
Sprint or Walk? Managing Start-up Growth Before Facility Investments Yuanyuan Li, Riccardo Mogre, Felix Papier papers.ssrn.com/sol3/papers.cfm?abstract_id=6761740 (Working paper)	

Same-day Delivery with Pickup Stations

Geoffrey Chua, *Yuanyuan Li*, Claudia Archetti
(Work in progress)

Machine Learning and Optimization for Production Rescheduling in Industry 4.0

2020

Yuanyuan Li, Stefano Carabelli, Edoardo Fadda, Daniele Manerba, Roberto Tadei, Olivier Terzo
[10.1007/s00170-020-05850-5](#) (The International Journal of Advanced Manufacturing Technology, 110, 2445–2463)

Reinforcement Learning Algorithms for Online Single-Machine Scheduling

2020

Yuanyuan Li, Edoardo Fadda, Daniele Manerba, Roberto Tadei, Olivier Terzo
[10.15439/2020F100](#) (FedCSIS 2020, 277–283)

Sustainable and De-Stressed International Supply-Chains Through the SYNCHRO-NET Approach

2019

Riccardo Giusti, Chiara Iorfida, *Yuanyuan Li*, Daniele Manerba, Stefano Musso, Guido Perboli, Roberto Tadei, Shuai Yuan
[10.3390/su11041083](#) (Sustainability, 11(4), 1083)

Selected Presentations

- **Sprint or Walk? Managing Start-up Growth Before Facility Investments** — USTC (2025); INFORMS Annual Meeting (2024); POMS Annual Conference (2024); IESEG–ESSEC–University of Cologne Operations Research Camp (2024); ESSEC Student Research Seminar (2023).
- **Reinforcement Learning Approaches for the Orienteering Problem with Stochastic and Dynamic Release Dates** — POM China (2023); EURO (2022); ESSEC Student Research Seminar (2022).
- **Machine Learning Applications in Optimization: Job-Shop Scheduling in Industry 4.0** — ODS (2019); MIM (2019).

Scholarship

2016: Compagnia di San Paolo–Politecnico Project Scholarship, Polytechnic University of Turin. Merit scholarship awarded annually to 16 international students in Engineering or Architecture.

Technical Skills

Programming: Java, Python, OPL, C, SQL, HTML

Optimization and Data Tools: CPLEX, Gurobi, Eclipse, MySQL

Language Proficiency

Chinese: Native

English: Fluent

Italian: Basic

French: Basic
